

Protect Against the Unexpected

MasterTech Elite covers you at every turn.

Pickup:

When a **Breakdown** occurs and makes **Your Vehicle** inoperable, **We** will reimburse You for **Your** actual incurred pickup cost up to a maximum of one hundred fifty dollars (\$150) per occurrence.

Transferable:

The **Vehicle Service Contract** may be transferred to a new owner when the simple guidelines, outlined in the **Vehicle Service Contract**, are met.

Warranty Deductible Paid:

Subject to the **Vehicle Service Contract Deductible**, **We** will pay **You**, up to one hundred dollars (\$100), for the **Deductible** paid on factory warranty repairs only when the repairs performed are due to a covered failure of a listed part under this **Vehicle Service Contract**.

Ride the Open Road with Confidence

MasterTech Elite Motorcycle is stated Component Coverage which means it will cover the parts listed in the Components below. Please see the sections titled “Noncovered Parts and Services” and “Noncovered Conditions” for exclusions.

Engine: All internally lubricated parts including: Camshaft and bearings; connecting rods and bearings; crankshaft and main bearings; internal reed valves (where fitted); oil pump; pushrods and lifters; pistons, piston rings, and pins; rocker arms, shafts, and bushings; timing gears, chains, and/or belts; transfer port valves, valve springs, guides, and seats; engine mounts; manifolds and valve covers; water pump; fuel delivery pump; fan motor. Engine head(s), engine block, and cylinder barrels are covered only if damage is a result of a **Breakdown** of a covered engine part.

Turbo-Charger: Turbo-charger vane, shaft, and bearings. Turbo-charger housing is covered only if damage is a result of a **Breakdown** of a covered internal turbo-charger part.

Fuel Delivery: Fuel tank, fuel pump, fuel injectors, petcock, fuel pressure regulators, lines, and fittings.

Transmission: All internally lubricated parts contained within the transmission case, all gears, bearings, internal drive gears and chains, and internal selector mechanism. Transmission mounts. Transmission case is covered only if damage is a result of a **Breakdown** of covered transmission parts. (Clutch assembly is not covered.)

Primary/Secondary Drives: All internally lubricated parts contained within the primary case, all gears, bearings, internal drive gears and chains, internal selector mechanism, and transmission mounts. Primary case is covered only if the damage is a result of a **Breakdown** of a covered primary/secondary drive part. (Clutch assembly, drive chain/drive belts, and drive chain sprockets are not covered.)

Final Drive (Shaft Driven Models Only): All internally lubricated parts contained within the drive shaft, final drive housing, and ball/universal joints; axle shafts; constant velocity joints; locking hubs; hub bearings; locking rings; supports; retainers; and bearings. Drive shaft and final drive housing are covered only if damage is a result of a **Breakdown** of a covered final drive part. (Final drive chains/belts or sprockets, or consequential damages due to chain breakage are not covered.)

Chain Case: All internally lubricated parts contained within the chain housing, jackshaft and jackshaft bearings, and front axle and axle bearings. Chain housing is covered only if damaged as a result of a **Breakdown** of an internally lubricated part.

Steering: Upper and lower steering stem bearings or bushings, axle, steering stem, handlebars, steering stem nut, inner and outer tie rod end bearings, drag link and bearings, and spindle bushings. Steering stem shaft is covered only if damage is a result of a **Breakdown** of a covered steering part.

Suspension: All internally lubricated parts contained within the front fork tubes. Upper and lower control arms, ball joints, king pins and bushings, and spindle. Swing arm bearings, front and rear wheel bearings, frame (when damaged as a result of a **Covered Component** failure), swing arm, and rear suspension system. Front fork tubes are covered only if damage is a result of a **Breakdown** of a covered suspension part.

Brakes: Brake backing plates; brake hubs; calipers; disc rotors; master cylinder, hydraulic lines, and fittings; securing hardware. Electronic control unit, pressure modulator valve, pump motor assembly and accumulator, and wheel sensors. (Disc brake pads and brake shoes are not covered.)

Electrical: Coils, magneto, manually-operated switches, rectifiers, rotors, starter, starter drive, stator, alternator/generator, electronic fuel injection control module and its sensors, wiring harness, and cooling fan motor.

Gauges: Fuel gauge, speedometer, electronic odometer, electronic instrument sensors, tachometer, temperature gauge, amp gauge, and oil gauge.

Cooling System (New Units Only): Fan, fan motor, and radiator.

Seals & Gaskets: For **Covered Components**. (New Units Only)

Optional Trailer Coverage

Brake Components: Master cylinder, hydraulic brake actuator, and backing plate.

Frame Components: Axle(s) brackets, bunks, couplers, hubs, roller cradles, spring hangers, and winch stand.
