

Protect Against the Unexpected

MasterTech Elite covers you every time you launch.

*Emergency Service:

We will reimburse **You** for emergency service labor charges up to a maximum of one hundred dollars (\$100) per occurrence. These charges only apply to labor performed at the scene that is required to rectify situations involving **Your Vehicle**, such as the following: out of gas (maximum 5 gallons) or battery discharged.

Transferable:

The **Vehicle Service Contract** may be transferred to a new owner when the simple guidelines, outlined in the **Vehicle Service Contract**, are met.

*Pickup/Haul-out Benefits:

When a **Breakdown** occurs and makes **Your Vehicle** inoperable, **We** will reimburse **You** for **Your** actual incurred pickup or towing cost up to a maximum of one hundred fifty dollars (\$150) per occurrence.

Warranty Deductible Paid:

Subject to the **Vehicle Service Contract Deductible**, **We** will pay **You**, up to one hundred dollars (\$100), for the **Deductible** paid on factory warranty repairs only when the repairs performed are due to a covered failure of a listed part under this **Vehicle Service Contract**.

*Towing Benefits:

When a **Breakdown** occurs and makes **Your Vehicle** inoperable, **We** will reimburse **You** for **Your** actual incurred towing cost up to a maximum of one hundred fifty dollars (\$150) per occurrence.

* Aggregate level of reimbursement for emergency service, pickup/haul-out, and towing benefits may not exceed three hundred dollars (\$300) per occurrence.

Ride the Waves with Confidence

MasterTech Elite Watercraft is stated Component Coverage which means it will cover the parts listed in the Components below. Please see the sections titled “Noncovered Parts and Services” and “Noncovered Conditions” for exclusions.

Stern Drive • InBoard • Diesel Engine Protection

Engine: Internally lubricated parts, to include: main bearings and rod bearings; connecting rods; camshaft; camshaft bearings; pistons, piston rings, and pins; crankshaft; valve springs; push rods; guides; retainers; covers; fly wheel; ring gear; lifters; harmonic balancer; oil pump; oil filter housing; air intake housing; engine mounts; distributor; and seals and gaskets. Timing chain, gears and/or belt, valve cover(s), exhaust manifold, oil pan, and distributor housing shaft and bearings only. Engine block, cylinder head(s), cylinder barrels, and intake manifolds only if damaged by the failure of a covered internally lubricated part(s). **Diesel Engine** (Surcharge required): turbo-charger, rocker arms, pump drive gears, and front cover idler gears. All bolts and housing only if damaged by the failure of a covered internally lubricated part(s).

Transmission: Internally lubricated parts, to include: Clutch plates, clutch drums, thrust plates, planetary gears, shift bands, reduction gears, bearings, shafts, bearing carriers, hydraulic pumps, hydraulic pistons, valve bodies, and seals and gaskets. Transmission mounts and transmission case only if damaged by the failure of a covered internally lubricated part(s).

V-Drive: Internally lubricated parts, to include: bearings, thrust bearings, bevel gears, shafts, shims, bearing carriers, and seals and gaskets. V-drive case only if damaged by the failure of a covered internally lubricated part(s).

Stern Drive Lower Unit: Internally lubricated parts, to include: forward, reverse, and pinion gears; clutch dog; dog pin; cam follower; prop shaft; drive shaft; bearing carriers; bearings; and seals and gaskets. Gear case and prop shaft seal only if damaged by the failure of a covered internally lubricated part(s).

Closed Cooling System: Engine water coolant circulating pump, oil cooler, and heat exchangers.

Power Trim: Power trim motor/pump, power trim cylinders, cylinder rams, mounts and pivots, spring sending unit, oil pump, pump relief valve, spring, O-Ring, tilt cylinder, manual release valve, hydraulic pump, reverse lock valve, power tilt motor, power trim motor, trim solenoids, wiring harness, master switches, sender/limit switches, and seals and gaskets.

Stern Drive Upper Gear Housing: Internally lubricated parts, to include: upper drive gear set, clutch dogs and cones, shift cams, shims, bearings, bearing carriers, upper drive shaft, and seals and gaskets. Bearing and oil retainer, driveshaft and upper bearing, shift rod and/or cover assembly, lower pinion bearing, forward and/or pinion gear, reverse gear, propeller shaft or shift fork, gearcase, and gearcase head. Housing only if damaged by the failure of a covered internally lubricated part(s).

Intermediate Housing: Intermediate shaft, universal joints, bearings, gimbal bearings, center yoke, drive yoke, steering yoke, engine coupler, transom plate seal, universal joint shaft and bearing, tilt bearing and lower steering bearings, shift bellcrank, bushing and plug, seals and gaskets. Intermediate/gimbal housing only if damaged by the failure of a covered internally lubricated part(s).

Steering: Steering control helm assembly, control rack and yoke assembly, power steering pump, steering bracket and bushing, swivel bracket bearing, power steering cylinder, steering wheel and coupling, steering cable, steering rams, hydraulic steering system, and seals and gaskets.

Electrical: Alternator, voltage regulator, electronic ignition module, ignition switch, ignition coil, starter motor, electric choke solenoids, solenoid, switch box, ignition trigger/sensor, windshield wiper motor, starter drive and ring gear, and engine wiring harness.

Fuel System: Fuel injectors, injector rails, pressure regulator, low pressure pump, high pressure pump, fuel injection pump, EFI electric control module, fuel delivery pump, fuel system sensors, fuel management control unit and wire harness, electric choke, turbocharger housing and internal components, carburetor body, and flame arrestor.

Controls: All parts contained within the control box, lever, and control cables; neutral start switch; starter/choke primer switch; starter/stop button; throttle control handle; shift interrupter switch; tilt/trim switch; and ignition switch.

Outboard Engine Protection

Engine: Internally lubricated parts, to include: crankshaft and main bearings; connecting rods and bearings; pistons, piston pins, and rings; reeds and reed blocks; flywheel; and seals and gaskets. Engine block and cylinder head(s) only if damaged by the failure of a covered internally lubricated part(s).

Lower Unit: Internally lubricated parts, to include: forward, reverse, and pinion gears; clutch dog; dog pin; cam follower; prop shaft; drive shaft; shift rod and cover housing assembly; shift fork; bearing carriers; bearings; and seals and gaskets. Gear case and prop shaft seal only if damaged by the failure of a covered internally lubricated part(s).

Oil Injection System: Oil injection pump, oil pump drive gear and shaft, engine-mounted oil tank and cap, oil level sensors, warning horns and lights, oil injection lines, check valves and metering system, and seals and gaskets.

Fuel Delivery: Fuel delivery pump, fuel injection pump, electric EFI control modules, carburetor body, flame arrestor/air silencer, and water separator housing.

Fuel Injection: Fuel injectors, injector rods, pressure regulator, low pressure pump, high pressure pump, fuel system sensors, fuel management control unit and wire harness, electric choke/primer, throttle body, and air silencer/intake.

Sportsman Package - Surcharge Required

Electric Trolling Motor: (Limited to one unit) Power head, planetary gear system, wiring harness, and hand and foot control switches.

Digital Depth Finder: (Limited to one factory-installed unit) Transducer and wiring harness.

Live Well: Fill/main pump, aerator, and manual valves.

Bilge: Control panel switch, wiring harness, blower motor, and venting system.

Gauges: Speedometer head, tachometer, speed log, speed sensor, battery

Power Pack/Switch Box Voltage Regulator/Rectifier

Steering: Steering control helm assembly, steering bracket and bushing, swivel bracket bearing, power steering cylinder, steering wheel and coupling, steering cable, steering rams, control rack, and yoke assembly.

Controls: All parts contained within the control box, neutral start switch, starter/choke primer switch, starter/stop button, lever and control cables, throttle control handle, throttle and shift cable, shift interrupter switch, tilt/trim switch, and ignition switch.

Power Trim: Power trim motor/pump, power trim cylinders, cylinder rams, spring sending unit, oil pump, pump relief valve, O-ring, tilt cylinder, manual release valve, hydraulic pump, reverse lock valve, power tilt motor, trim switch, mounts and pivots, trim solenoids, wiring harness, master switches, sender/limit switches, and seals and gaskets.

Electrical: Alternator, stator, starter drive, electric starter motor, electronic ignition module, ignition switch, stator, rectifier, switch box, trigger and sensor, windshield wiper motor, and flywheel.

condition gauge, hour meter, oil pressure gauge, amp gauge, fuel gauge, lake water temperature gauge, mounting brackets, and control cables.

Stereo: (Limited to factory-installed unit) CD player, cassette player, and AM/FM radio.

Compass: Compass head and mounting brackets.

Electrical: Voltmeter, battery main switch, battery isolator, battery charger, battery selector switch, battery box, fuse block, fuse holders, chart light, transom lights, and bow light.

Down Riggers: Mounting brackets, swivel and lock, frame, guide puller, winch, brake, and crank. Excludes cables and weights.

Cruiser Package - Surcharge Required

Air Conditioner: Compressor, condenser, heat exchanger, evaporator, thermostat, capacitors, relays, and fans.

Instrument Panel: (Factory installed only) Tachometer, speedometer, battery condition gauge, compass, hour meter, oil pressure gauge, trim gauge(s), amp gauge, and fuel gauge.

Digital Depth Finder: (Limited to one factory-installed unit) Transducer and wiring harness.

Water System: Water pump, water heater, compressor, drain system, fittings, and faucets.

Waste System: Shower, toilets, sinks, holding tanks, macerator gate valves, and connections.

Electrical: Voltmeter, battery main switch, battery isolator, battery selector switch, battery box, fuse box, fuse holders, chart light, transom light, bow light, docking lights, and windshield wiper motor.

Refrigerator: Thermostat, cooling unit, thermocouple, and ice maker.

Range/Oven: Thermostat, thermocouple, burner assembly, burner valves, ignition, and microwave oven.

Clothes Washer/Dryer: (Limited to factory-installed unit).

Trash Compactor: (Limited to one factory-installed unit) Control switches, wiring, electric motor, and compression components.

Central Vacuum: Vacuum motor and wall access panel.

Stereo: (Limited to factory-installed unit) CD player, cassette player, and AM/FM radio.

Heating System: Furnace, thermocouple, ignitor, gas valve, burner assembly, and blower motor.

12 Volt/24 Volt: Battery charger and converter.

Interior Lighting: Light fixtures and light switches.

Shore Power: Onboard receptacle, shore power main switch, cap, circuit panel, and circuit breakers.

Bow Thruster: Electric motor, wiring harness, control panel, bow thruster, and battery charger.

Remote Spotlight: Control panel, horizontal/vertical control motors, and light housing.

Bilge: Control panel switch, wiring harness, blower motor, and venting system.

Horns: Air horns, air horn compressor, air solenoids, control panel, and electric horns.

Planking Tabs: Pump, planking plates, and trim cylinders.

Blocking: In the event of a **Mechanical Breakdown** of a **Covered Component**, You will be reimbursed up to fifty dollars (\$50) per occurrence for blocking charges.

Deluxe Cruiser Package - Surcharge Required

Includes all components in Cruiser Package plus the components listed below:

Hydraulic Lift/Swim Platform: Hydraulic cylinders, hydraulic pump, wiring harness, and control panel.

Windshield Defogger: Heating element, wiring harness, and control switches.

Generator • Auxiliary Power Plant - Surcharge Required

Engine: Internally lubricated parts contained within the cylinder block, to include: pistons, piston rings, and pins; main bearings and rod bearings; crankshaft; connecting rods; camshaft; camshaft bearings; timing chain; gears and/or belt rocker arms; valves; valve springs; guides and seals; valve push rods; lifters; flywheel ring gear; valve cover(s); harmonic balancer; oil pan; engine mounts and distributor housing; and shaft and bearings. Engine head(s), engine block, and/or

cylinder barrels only if damaged beyond repair as a result of a **Mechanical Breakdown** of one of the above components.

Electrical: Switch box/amplifier, alternator, voltage regulator/rectifier, ignition coil, starter motor, solenoid, and engine wiring harness.

Generator Electrical: Armature, fields, brushes, end frame and housing, generator-mounted control panel, and rectifier.

Optional Trailer Coverage

Brake Components: Master cylinder, hydraulic brake actuator, and backing plate.

Frame Components: Axle(s) brackets, bunks, couplers, hubs, roller cradles, spring hangers, and winch stand.

Definitions

This contract contains several words and phrases, denoted by bold print, which have particular meaning and appear throughout this contract:

“**You**” and “**Your**” - mean **You**, the purchaser of the **Vehicle** described in Part I (Proof of Registration) of this contract.

“**We**”, “**Us**”, and “**Our**” - mean the Obligor of this contract, as stated in Part I (Proof of Registration).

“**Dealer**” - means the **Vehicle Dealer** or lessor from whom **You** purchased or leased **Your Vehicle** and is referred to as either the **Issuing Dealer** or **Selling Dealer/Agent** in **Your** Part I (Proof of Registration) of this contract.

“**Administrator**” - means the organization **We** have retained to provide claim and administration services for **Our Vehicle Service Contract** program. Unless stated as Obligor in Part I (Proof of Registration), **Our Administrator**, its agents, and assigns are not party to this contract and have no liability to **You** under the terms of this contract.

“**Covered Part**” or “**Covered Parts**” - means any of those parts of **Your Vehicle** listed in the section titled “**Component Coverage**” and the section titled “**Surcharges**” (if applicable and purchased) and subject to conditions and exclusions listed in the section titled “**Noncovered Parts and Services**” and the section titled “**Noncovered Conditions**.”

“**Mechanical Breakdown**” and “**Breakdown**” - mean a failure of a **Covered Part** or faulty workmanship as supplied by the manufacturer. A **Covered Part** has failed when it no longer performs the function for which it was designed. However, it does not include (a) wear and tear on **Covered Parts** or **Components** that have not experienced a **Breakdown**; (b) the gradual reduction in operating performance caused by wear and tear or usage of **Covered Parts** or **Components**; or (c) damages caused by the breakage or failure to function of **Noncovered Components** or **Parts**.

“**New Vehicle**” - means a **Vehicle**, at the **Contract Sale Date** and the **Contract Sale Mileage**, has a **Full Factory Warranty** in force.

“**Preowned Vehicle**” - means any eligible **Vehicle** other than a **New Vehicle**.

“**Full Factory Warranty**” - means the manufacturer’s warranty provided at no additional cost to **You** which covers a repair to any **Vehicle** defect related to material or workmanship.

“**Covered Vehicle**” - means the eligible **Vehicle**, vessel, or unit identified in Part I (Proof of Registration).

“**Vehicle Service Contract**” or “**VSC**” - means Part I (Proof of Registration) and Part II - **Vehicle Service Contract**.

“**Contract Sale Date**” - means the sale date of this contract to **You**. **You** may not claim reimbursement for any charges or **Costs** which **You** incurred prior to the **Contract Sale Date**.

“**Repair Costs**” and “**Costs**” - mean the actual labor or parts amounts charged by **Your Selling Dealer** or an authorized repair facility to repair or replace **Covered Parts** as required due to a **Breakdown** (subject to the terms and conditions of this contract and as authorized by **Our Administrator**). **Parts Costs** are limited to suggested retail prices of **Your Vehicle’s** manufacturer. Replacement will be made with parts of like kind and quality and compatible with the **Covered Vehicle’s** specification. All parts replaced will be covered under the terms and conditions hereof for the remaining term and/or mileage of this contract as contained herein.

“**Deductible**” - means the portion of the **Repair Costs** which **You** must pay as stated in the **Deductible** section in Part I (Proof of Registration). All **Deductibles** are per repair visit. However, the **Deductible** does not apply to pickup and/or emergency service.
